R2 - PBL with interdisciplinary approach – blended course for VET teachers

The target group is VET teachers.

An online learning environment will be designed in Moodle in 4 languages (EN, IT, DE, HU).

4 online modules will be implemented:

- 1. Project-based learning,
- 2. Digital Tools for VET project management,
- 3. Innovative assessment practices for VET,
- 4. Creation and innovative use of digital content for VET)

Activities:

- R2-A1: Curriculum and course design for blended learning
- R2-A2: Content development and review (EN, HU, DE, IT)
- R2-A3: Implementation and testing of the online learning environment
- R2-A4: Piloting the course with VET teachers in three countries (DE, IT, HU)

The curriculum aligned with the educational frameworks of the EU, such as European Qualification Framework (EQF or its national adaptation like MKKR in Hungary) and Digital Competence Framework of Educators (DigCompEdu), and applying the EQAVET Quality Assurance recommendations even in designing the curriculum.

- learning-by-doing;
- active learning;
- focused on the methods of digital education.

Key performance indicators:

- Curriculum of the PBL-based upskilling course for teachers at least in 10 pages in four languages (EN, DE, HU, IT)
- Digital learning content in 4 modules in 4 languages, in an estimated size of 20 pages per module.
- At least 5 teachers completing the training successfully in Italy, and another 5 in Germany. Min. 15 teachers completing the training successfully in Hungary.
- Successful completion means above 75% overall performance in the online part of the course, plus mandatory participation at the practical session.
- Evaluation of teacher training by participants: min. 80% overall satisfaction
- Accreditation of the training programme in Hungary in the teachers further training system.
